

# PISTOL CLEANER

Polyurethane foam application gun cleaner.

## Description

A cleaner suitable for cleaning polyurethane foam from the application gun internally and externally.

## Instructions for use

Clean the outside of the gun and the tip of the barrel, while the foam is still fresh by spraying using the button provided with the cleaner.

To clean the inside of the gun, fix the pistol cleaner can on the gun and by repeatedly pulling the trigger, spray a sufficient amount of cleaner through the barrel of the gun.

## Packaging

Can 500 ml

## Notes

Technical details, properties, recommendations and information on BAUER products are supplied in good faith. They are based on the company's research and experience, provided that they are stored and applied under normal conditions. As the method of using materials as well as project and environment conditions are beyond the control of the company in each individual application setting, the product user is held solely responsible for the result of application. No responsibility under any legitimate relationship can be substantiated against the company, based on the information set out hereunder. Product users are advised to refer to the latest revision of the technical manuals available.
